

Aabhash Shahi

Software QA Analyst | Manual & Automation Testing

Kathmandu, Nepal | +977 9813504916 | aabhashshahi214@gmail.com

[LinkedIn](#) - [GitHub](#)

PROFESSIONAL SUMMARY

- Entry-level Software QA professional with hands-on experience in manual, API, and Selenium WebDriver automation (Python, pytest) through an apprenticeship and self-initiated projects.
- Skilled in test case design, defect reporting, and building maintainable automation suites using Page Object Model (POM), explicit waits, and data-driven testing.
- Motivated to contribute to reliable releases while continuously improving QA processes, tooling, and CI/CD-driven execution.

TECHNICAL SKILLS

Testing: Manual (functional, regression, exploratory, UI, cross-browser), test case design, defect lifecycle, RBAC testing

Automation: Selenium WebDriver (Python), pytest, Page Object Model (POM), Allure, Appium (basic)

API & Performance: Postman, JMeter

Data & Web: SQL (MySQL Workbench), HTML/CSS/JavaScript (basics)

Tools: Jira, Git/GitHub, Jenkins, Trello

Design Tools: Adobe Photoshop, Illustrator, Premiere Pro

EXPERIENCE

QA Automation Apprentice, Mindrisers Technologies (Oct 2025 - Jan 2026)

- Executed manual testing across browsers and devices; documented issues and supported retesting to verify fixes.
- Automated end-to-end regression scenarios for critical user flows using Selenium WebDriver with Python and pytest.
- Implemented best practices (POM, waits, reporting) and helped set up an execution workflow to reduce repetitive testing effort. [Certificate](#)

Data Annotator, CloudFactory (Jul 2020 - Aug 2024)

- Labeled, categorized, and validated large datasets for AI model training with strong attention to detail and consistency.
- Collaborated with team leads and quality teams to meet delivery timelines and align outputs with evolving guidelines.
- Adapted quickly to new tools, workflows, and project requirements across multiple data annotation initiatives.

Graphics & Motion Designer, K&M Production (Sep 2024 - Oct 2025)

- Designed graphics and motion visuals for digital media and promotional content while following brand guidelines and creative briefs.
- Created motion graphics to improve storytelling and audience engagement across video projects.

SELECTED QA PROJECTS

Automation Testing (Self-Initiated)

- E-commerce Web Automation - SauceDemo: Built an end-to-end Selenium + pytest framework using POM; generated test reports with Allure.
- Cura Healthcare Service Automation: Automated login and appointment booking/confirmation workflow with reusable page objects.
- Form Validation Automation: Automated complex form interactions (inputs, radio/checkbox, date picker, autocomplete, file upload, dropdown) with explicit waits.
- Data-Driven Automation Testing: Parameterized test execution using multiple datasets to improve coverage and reusability.

Manual, API, and Database Testing (Self-Initiated)

- Manual Testing - SauceDemo Login Validation: Designed and executed positive/negative scenarios, input validation, password masking, keyboard navigation, and cross-browser checks; reported defects with severity/priority.
- UI Testing - Cura Healthcare Service: Verified login, appointment booking, and confirmation workflows; checked layout consistency and responsiveness.
- Functional Testing - HamroPatro (Calendar): Validated Nepali date display, month navigation, event visibility, and Nepali-English date conversion behaviors.
- Role-Based Access Control (RBAC) Testing: Validated authentication/authorization across roles including dashboard access, data visibility, and CRUD permissions.
- API Testing - FakeStore API (Postman): Verified CRUD operations for products/carts; validated HTTP methods and response codes.
- Database Testing - ClassicModels (SQL): Validated data integrity, table relationships, and business rules using CRUD operations.

EDUCATION

Bachelor of Computer Science & Information Technology (BSc CSIT)

Prime College, Tribhuvan University - 2023

CERTIFICATIONS & TRAINING

- HIPAA Compliance and Privacy Law – University of Pennsylvania. [Certificate of Completion](#)
- Software Quality Assurance – Coursera. [Certificate](#)
- Python Programming - Test Automation University. [Certificate](#)
- Selenium WebDriver with Python. [Certificate](#)
- Test Automation with Selenium IDE. [Certificate](#)

HONORS & ACTIVITIES

- Life-time member, Nepal Red Cross Society (volunteer service). [Certificate](#)
- First place, CSIT Goalfest Futsal Tournament (2023). [Certificate](#)
- Designer contributor, Celebrities Fashion Show (2022). [Certificate](#)
- Instructor, Graphic Designing Workshop - Skill IT v1.0, Prime College (2021). [Certificate](#)
